## **To Whom It May Concern:**

Thank you for your interest in the Bosch Crash Data Retrieval (CDR) product line. The Bosch CDR product line consists of hardware and software. Crash Data Group has an exclusive distributor agreement with Robert Bosch LLC to stock, market and to sell the Bosch Crash Data Retrieval product line. There are no other distributors selling the CDR Product line.

Crash Data Group has an exclusive agreement with Collision Safety Institute to offer a discounted Crash Data Retrieval certification course with the purchase of a new Bosch Crash Data Retrieval System Kit. This agreement is only valid to purchases in the United States of America. This offer is for a limited time and could change without notice.

Crash Data Group has an exclusive agreement with the Accident Reconstruction Communications Network (ARC Network) to offer a free one-year membership in the ARC Network with the purchase of a new Bosch Crash Data Retrieval System Kit. This agreement is only valid to purchases in the United States of America and Canada. This offer is for a limited time and could change without notice.

## **About Bosch**

Robert Bosch LLC has an exclusive agreement with General Motors, Ford and Chrysler to design, manufacture and market the CDR tool that has the unique capability to download and display data recorded on airbag modules in GM, Ford and Chrysler vehicles. No other tool on the market has this capability, and no other company has permission from GM, Ford and Chrysler to design, manufacture and build this unique tool.

If you have any questions, or to place an order, please contact Crash Data Group.

Sincerely,

A handwritten signature in black ink, appearing to read "S. B. Baker".
